Subject: Wildcat Loadout Expansion of 170 Acres, Andalex Resources Inc, Wildcat Loadout Facility, C/0070033, Task ID #2822 and Division Order (Task #2808), Outgoing File

Dear Mr. Shaver:

The Division is in receipt of your letter dated October 19, 2007 regarding the withdrawal of the "expansion" application for the Wildcat Loadout Facility. Your reason to withdraw the application is due to the recent tragic events and subsequent closing of the Crandall Canyon Mine and thus less production of coal being processed through the Wildcat Loadout Facility.

The "expansion" application was submitted on June 15, 2007 in response to the requirements of a Division Order issued in 2004 for the control of the wind-blown coal fines at the site (see attached).

Please submit a complete and adequate response to the original Division Order by December 21, 2007.

Priscilla Burton at the Price Field Office was the review team lead. Please contact Ms. Burton at (435) 613-3733 or myself at (801) 538-5268 with your questions.

Sincerely,

Pamela Grubaugh-Littig  
Permit Supervisor
